

## AIR FRESH WB

### DESCRIPTION

*AIR FRESH WB* is a liquid based on perfumed oils in water. It is suitable for eliminating unpleasant smells in tanks and domestic areas. *AIR FRESH WB* is safe to use on most common metals and coatings.

### APPLICATIONS

*AIR FRESH WB* is used if, the smell of the previous cargo (fish oil or turpentine, etc.) is perceptible after tank cleaning. It is recommended that the cause of the smell is determined before applying the product. If bad cleaning causes the smell, the tank should be cleaned again because application of the product into an unclean tank may cause a surveyor to reject.

### DIRECTIONS FOR USE

*AIR FRESH WB* is sprayed in a 1:10 dilution with water. Normally 1-2 lt. of product is sufficient for one 400 m<sup>3</sup> tank. Allow the product to evaporate for a reasonable period. It is also possible to dose 0,1-1% of the product to the last rinsing water after cleaning the tank. After treatment thoroughly ventilate the tank before entering.

### NATURE OF SPECIAL RISKS AND SAFETY ADVICE

In accordance with the latest EEC Council directives this product is not subjected to any recommendation. Voluntary *UNIMARINE* recommendation:

S2 : Keep out of reach of children

Code: 161161423
