

Oil-Only Pads

Oil-Only pads have a loose stacked-weave construction that efficiently increase surface area. The melt-blown polypropylene fibers are left in their natural hydrophobic state. These hydrophobic fibers repel water and float, while only absorbing oils and other hydrocarbons. Absorption begins immediately when brought into contact with oil and other hydrocarbons. Oil-only pads are white so that it is easy to see when fully saturated. Oil-only pads are effective for the absorption of oil on water and are extremely effective in oil spill clean-up.

Oil Only - Pads

Code	Description	Size [cm]	Package
371371113	Light-weight white pads	40 x 50	200
371371121	Light-weight white pads	30 x 30	100
371371122	Heavy-weight white pads	50 x 40	100
371371111	Heavy-weight Oil Only pads	86 x 97	50
